### **Artist 23K Gold Nameplates**

These museum quality gold leaf nameplates are primarily used for fine artist oil paintings and limited edition bronze sculptures. My nameplates are each gilded with 23 karat gold leaf on hard wood plates. They can be antiqued (darkened), rubbed to show the bole color underneath, or have imitation fly specks added. Other colors of gold such as moon gold (a warm white gold), white, and lemon gold or other metals such as palladium, silver, and platinum can also be used. Each are handlettered with permanent black ink and sealed. For each artist or collector, I will work with him or her to determine the ideal lettering style for the body of work or match antique plaques.

Typically each nameplate has two lines of text, the top line being the title of the piece and the bottom line being the artist's name. Sometimes a third line is added with a little subtitle, such as a place name or artist birth and death years. Often decorative lines or brackets are added to the top and bottom edges for a polished look. Especially on the smallest size of nameplate, those are often only lettered with the artist's name.
